

# SWIM SPA XL & COMBI SPA ...THE SOLUTION TO YOUR DILEMMA

*If you like Swim Spa and a regular spa as well and you can't make up your mind whether you prefer swimming or relaxation, if you want to work out and be fit but also to relax in comfortable seats, you don't have to worry anymore or abandon your ideas.*

The combination of the Swim Spa XL + Combi Spa forms a unique complex

To your greatest satisfaction. It offers a wonderful combination of sport and regeneration. The unique combination of the Swim Spa XL with the Combi Spa massage created a comprehensive home wellness centre. It is up to you whether you will swim in the large Swim Spa XL or peacefully relax and enjoy pleasant massages in the Combi Spa. There is no need to hurry, now that you can have both spas in your garden.

SWIM SPA XL + COMBI SPA represents a breakthrough in the wellness industry.

USSPA is the first world manufacturer to bring you the perfect solution for combining swimming and massage spas. This comprehensive set is an exclusive relaxation zone.

Although Swim Spa XL and Combi Spa compliment each other perfectly, they remain independent. Therefore, owing to the separate, efficient technology of each unit, you can adjust and maintain the water temperature in the Swim Spa XL lower while the massage Combi Spa can literally stay a "hot bath".

A perfect complex with a smart design and a range of built-in practical components corresponds to the requirements of modern architecture and today's lifestyle.

Combi Spa is L-shaped, which allows it to be attached to the Swim Spa XL. You can place Combi Spa in any corner near the steps of the Swim Spa XL depending on the space where you want to install the set. Then you can get comfortably from the Swim Spa to the massage spa and vice versa, using the steps. Swim Spa XL together with Combi Spa can be placed either in a wooden cabinet on a reinforced surface or completely sunk in the ground. A partially sunk spa is also practical solution.

## SWIM SPA XL & COMBI SPA JIGSAW IN YOUR OWN SPACE

*Now you can do sport intensively and relax in peace every day  
of the year regardless of the weather.*

*Swim Spa XL + Combi Spa, your complete home relaxation zone.*
