

The large-scale Arena ranks among the biggest commercial whirlpools on the market. They can be used in facilities with high attendance and also in sports clubs. Up to 12 people can relax there comfortably at the same time. The pure lines of its external oval shape will make it a decorative feature in every wellness zone. Jets arranged in an inverted "W" formation for a unique variable massage are added to those arranged as a spiral. Along its full perimeter Arena is bordered with channels providing fast outlet of water from the water level to the water management system.

Arena

Shell Dimensions	343 x 258 x 79 cm
with Frame	343 x 258 x 100 cm
